

2018

55th WORLD ROWING FISA TOUR

Costa Brava - Spain

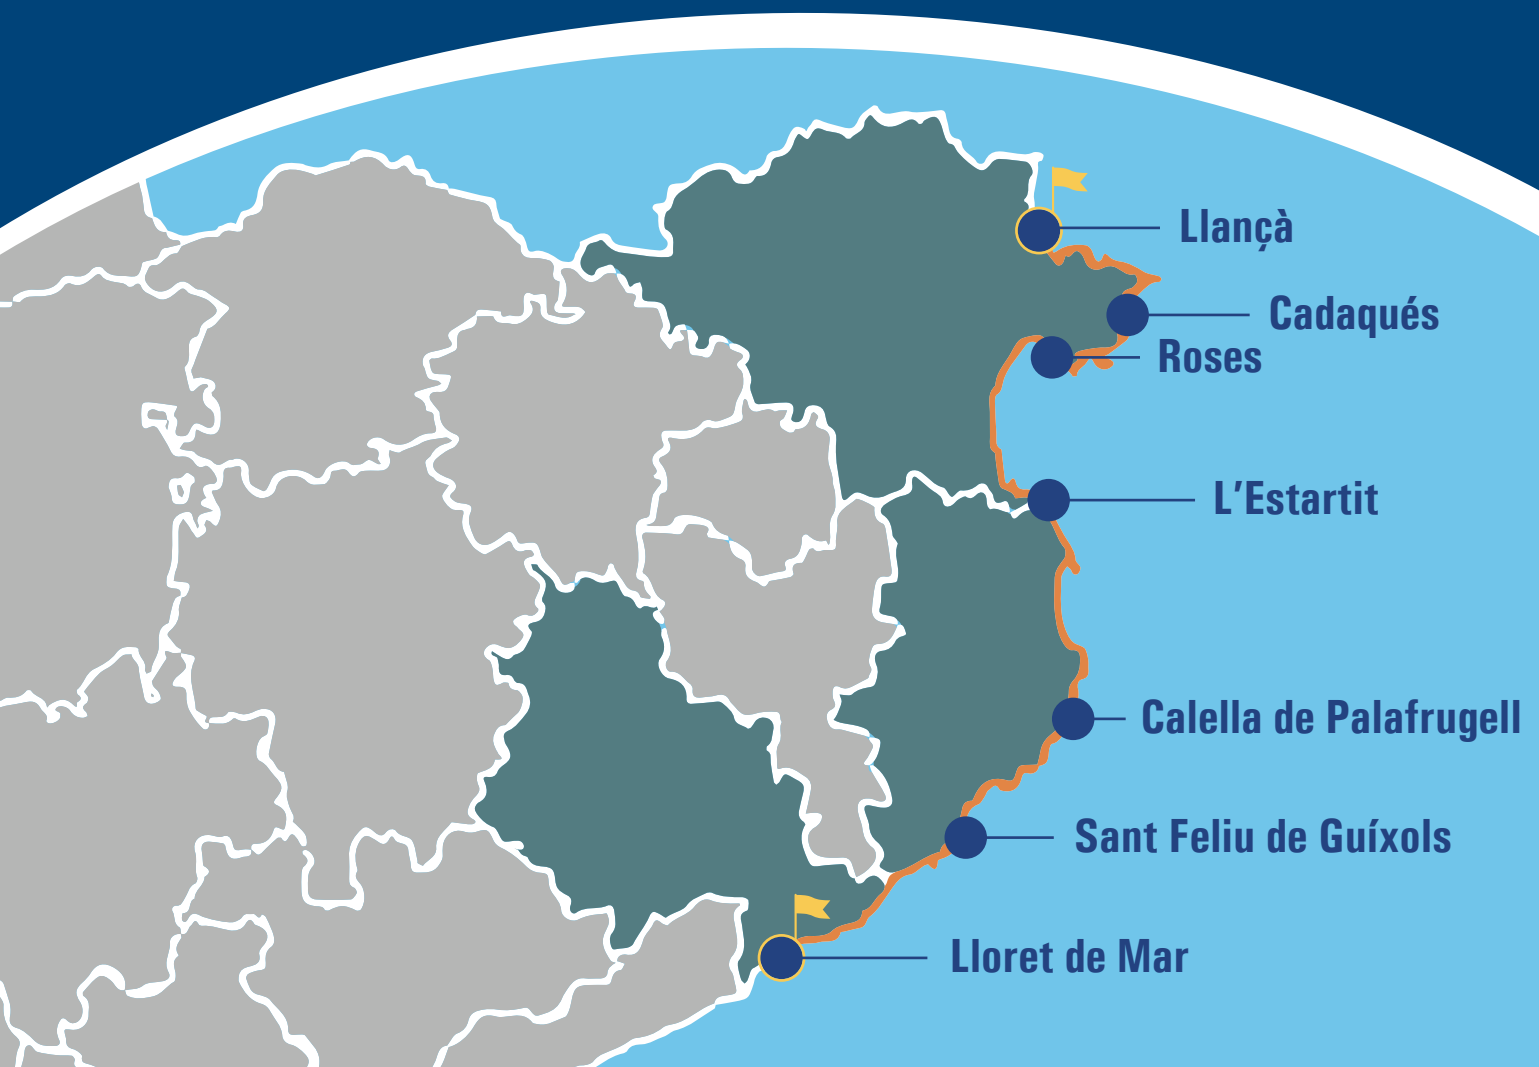

From 13th to 20th May

Fisa World Tour

Since 1971, rowers of all nationalities, ages and abilities have toured lakes, rivers, canals and seas in Europe, the Americas, Australia and Japan as participants in FISA World Rowing Tours.

The World Rowing Tour in 2018 will be held in the Catalan region of Spain. It will be FISA's 55th World Rowing Tour.

Welcome to the Costa Brava

The Costa Brava is a 160-kilometre stretch of beautiful, rugged coastline in the North East corner of the Spanish peninsula.

In such a short distance there's room for high mountain rural towns, for Romanesque monasteries and churches, for Iberian settlements, Greek and Roman ruins, Jewish quarters and medieval fortifications, and for the surrealist legacy of Salvador Dalí.

Our guest rowers will encounter endless miles of sandy beaches, sheltered rocky coves and unspoilt fishing villages, always surrounded by wonderful natural scenery.
